Step 5: Click on “Download Video”

The screenshot shows a web browser window displaying a Microsoft Stream video player. The browser's address bar shows the URL `web.microsoftstream.com/video/8a1f76cd-689d-4985-81a7-23272a28b789`. The page header includes the Howard University logo and navigation links like Home, Discover, My content, Create, and Search. The main content area features a video player with a play button in the center. Below the video player, the 'Details' section is visible, showing the video title 'HU P/ABL Workshop Opening Session', published on 7/9/2020 by Whiteman, David. A menu is open over the video player, listing options: 'Linked groups/channels', 'Add to group/channel', 'Update video details', 'Trim video', 'Replace video', 'Delete', and 'Download video'. A red arrow points from the top of the page to the 'Download video' option. To the right of the video player, there is an 'Interactivity' section with an 'Add Form' button and a graphic of a laptop with video icons. Below that is a 'More from trending videos' section with a list of related video thumbnails and titles.
